

REGATTA PREP

Parents, please review the following to help make your child's regatta experience a successful one!

- Be in touch with Coaches and Sailing Director
- Registration
 - Certain events have earlier deadlines, check with coaches, or the Google Calendar for information on registration.
 - 420's will need to have a pair of registrations.
- Make sure you know the schedule of the event (this can be found on the event website or Google calendar)
- Make sure your kids have sunscreen, water, warm sailing gear, hat, sunglasses, shoes, lifejacket, watch, gloves.
- *Every sailor is responsible for own equipment being used at each event* (sails, blades, spin poles, spin sheets, etc)
- *Coaches are not responsible for transportation of 420's or Opti's; we will help coordinate as much as possible, but we often use our resources to tow coach boats. Our staff along with the members of the tracing team will assist in loading the 420 trailer when it is being used.
- ***As discussed at the parent regatta meeting, a successful regatta is a team effort and we depend on parent volunteers!***
 - Driving kids to and from regattas (carpooling)
 - Driving trailers to and from regattas
 - Loading and Unloading boats
 - Transporting sails and gear
 - Healthy snacks
 - Housing

Thank you for all your help and assistance!

-The JP STAFF
